

PIANC Australia

Dredging Workshop

Environmental Approvals and Management

WHERE ARE WE TODAY, WHERE ARE WE GOING, WHAT HAVE WE LEARNT SINCE THE LAST TIME

- **When:** 26/27 September 2011
- **Where:** Perth Convention and Exhibition Centre
- **Who Should Attend:**
 - Engineers, scientists and managers interested or involved in dredging approvals processes and dredging projects
- **Presenters Include Representatives From:**
 - Workshop Facilitation by Thomas Wakeman*,
 - 1 Day on WA Dredging Approvals (incl WA OEPA presenting Env Assmnt Guidelines for Dredging + Case Studies) – coordinated by [ECA \(WA\)](#)
 - Major Projects in Australia
 - Port Authorities
 - GBRMPA
 - DSEWPAC
 - PIANC WG Rep presenting the new **Dredging and Port Construction around Coral Reef s** Guidelines
- **Why Should You Attend this Workshop:**
 - This workshop is being organised by [PIANC Australia](#), a non profit industry group working for the industry with support from ECA (WA)
 - These workshops are well attended, offer the chance for real discussion, learning , debate and networking.
 - The Ports and Coasts 2011 Conference follows on 28-30 September 2011.
